

Dear Parents,

We are nearing the end of Term 1, but there is still a lot going on in our vibrant and dynamic EIS community.

Our progress and success thus far have been made possible by the constant support of our visionary leaders and essential partners, our parents.

It is vital to note the following information:

- **Salam Sylvania**

In the spirit of its name, ***Salam Sylvania*** is a unique gathering designed to foster peace and brotherhood thus, aiming to create an enlightening and consciousness-awakening experience that will resonate with you and your loved ones.

It will include an array of field demonstrations, exhibitions, and stage shows that will not only inspire and celebrate diversity, but will also encourage empathy, tolerance, and mutual respect among all attendees.

Those who still want to contribute to the ***Tarahum for Gaza campaign*** can do so until **Monday, November 13, 2023**. By Monday, the Emirates Red Crescent will have collected it. Let's stand united and show the world that love always wins over adversity.

We look forward to seeing you at Salam Sylvania. The video clip invitation is attached to this email.

- **Conservation Festival by Al Ain Zoo**

Al Ain Zoo is hosting a conservation festival from November 8-12, and they're inviting students from all age groups to attend. The event will feature educational and awareness-raising events and workshops about sustainability and conservation.

To find out more, call 800-966 or email info@alainzoo.ae. Students get in free!

- **School Lockers Facility for Grade 8 (send only to applicable parents)**

As schools strive to create a safe and conducive learning environment for students, the provision of student lockers has become increasingly important. In response to the suggestions from parents, EIS has provided student lockers to address various concerns and improve the overall well-being of our students.

Enhancing Security - by having a designated space to store expensive electronic devices such as tablets and laptops at school, the risk of theft or damage is reduced.

Promoting Health and Safety – the availability of lockers can alleviate the physical strain associated with carrying heavy textbooks, notebooks, and other study materials.

Fostering Responsibility and Respect – creating opportunities to instill a sense of responsibility and respect in students when they are entrusted with the duty of looking after their own possessions, caring for their belongings and respecting the property of their peers.

EIS is committed to taking proactive measures to address concerns on student security, health, and development.

- **October 2023 Newsletters**

The incorporation of an innovative '*video element*' underscores EIS's dedication to leveraging technology to enhance communication and engagement with our parents. You can view footage of recent school activities and events by clicking on the video buttons within the newsletters.

We urge you to explore this new '*video element*' and immerse yourself in the dynamic content. Happy reading (and watching)!

- **Discovery/Enquiry Trails**

The **Discovery/Enquiry Trails for Week 11** is sent with this email.

Your unwavering belief in our school propels us to strive for excellence.

Kind regards,

EIS Administration
