

Dear Parents,

Greetings!

This is to inform you that EIS will be commemorating "**World Food Day**" on **Thursday, October 12, 2023**. A special assembly will be held to *raise awareness about the necessity of sustainable food systems* and to *battle global hunger*. We urge parents to send traditional foods/dishes that represent their culture and nation with their children, *preferably in a small plate or batch to avoid food waste*, to be enjoyed by their classmates during their club session. Students will get the opportunity to demonstrate their traditional cuisine to their peers and explain its nutritional benefits. We also request that you provide your ward with a paper plate and a disposable spoon.

Encourage your children to participate in and benefit from the different cultures represented in our school.

Please be advised of the following additional information:

- **School Newsletters**

Please check the grade-wise newsletter attached to this email. You can view *embedded footage of recent activities and events* by clicking on the links.

- **Special Classes for Grades 7 – 8**

There will be special classes scheduled for your child's benefit from the **16th - 18th of October 2023 (Monday to Wednesday)**. These classes will be held from **8:00 AM to 10:30 AM**.

Bus service will be provided to school transport children while students using their own transport must arrange service during these sessions.

We understand the importance of keeping up with their studies, and these special classes are designed to help them review and reinforce their learning. We encourage all students in Grades 7 and 8 to attend, as this is mandatory and to make the most of this opportunity to excel in their studies.

Please mark the dates in your calendars and ensure that your child is punctual for these sessions. The class teachers will provide further details about the subjects and topics that will be covered during these classes.

Wishing you a productive Midterm Break!

Thank you for your attention and cooperation.

Best regards,

Excel International School
