

Dear Parents,

Greetings from Excel International School!

Parent Orientation and Curriculum Evening will take place on the EIS premises for all parents later today. During this event, the academic staff will provide an orientation to the various aspects of schooling, which will offer a better understanding of EIS, its operations, and the arrangements made for the academic year 2023-2024.

The topics to be covered include the school's vision, leadership, program of study, policies, parental engagement, and involvement.

This is exclusively a meeting for parents and teachers; therefore, please do not bring your child or children.

Important information to note

- **Sudoku Competition**

Sudoku is a captivating Japanese puzzle that involves filling in a 9 × 9 square grid with numbers ranging from 1 to 9. The challenge lies in arranging these numbers in each row, column, and mini-grid, such that each number appears only once.

EIS will host a Sudoku Competition for students in grades 1 to 8. The objective of the competition is to enhance the critical thinking skills and confidence of learners in completing challenging tasks and solving puzzles with high accuracy and speed.

- **Books Distribution**

Subject to the September tuition fee clearance, books had already been given to children. There will be a slight delay in the book's delivery to newly enrolled students, as additional sets are yet to be ordered.

- **Best Out of Waste (Grades 1 – 8) and Building Blocks and Clay Modelling (KG) Competitions**

It is important for EIS to create opportunities for students to learn more about environmental awareness. The Best Out-of-Waste Competition held yesterday empowered students to participate in meaningful environmental projects. They have made useless things useful and amazing.

Our tiny tots with petite fingers have created miniature insect models (bugs, bees, and butterflies). etc.) and other structures during the building block and clay modelling competition.

Students' work will be displayed for you to see and enjoy during Parent Orientation and Curriculum Evening.

Prizes and certificates will be awarded to the winners and participants the following week.

- **Online Resources**

Next week, the pupils will be given the usernames and passwords for online resources such as **CleverTech (English)** and **Nahla Wa Nahil (Arabic)** via their MS Teams chat.

- **ID Cards**

The school will begin issuing student IDs to all kids from Monday onwards.

The **Discovery/Enquiry Trail for Term 1 – Week 3** is attached to this email.

Thank you for your cooperation and continued support.

Kind regards,
Excel International School
