CURIOUS STALLIONS | GRADE 5-6

*There is a Miracle in Every  
New Beginnings*

**eis.alain: INAUGURATION HIGHLIGHTS | EIS IN CURIOSITY AND DISCOVERY**

**"The path to innovation begins with curiosity."  
- Robert Iger**

A warm welcome to our EIS family!

EIS prides itself on its innovative and rich curriculum. Students are inspired to become independent and creative thinkers. Our purpose is to encourage intellectual curiosity, independent thought and effective learning habits. We encourage students to be dynamically intellectual, culturally creative and develop independence, so by the time they graduate; they are well prepared for the expected, but can also tackle the unknowns. We strive to ensure our children are engaged in an environment focused on high expectations reflecting academic, social and emotional development.

The well-being of our community- students, parents and staff is paramount and we place great emphasis on building relationships with high quality personal and social skills. Happy, safe and secure environment at EIS directly impacts positively upon attitudes to learning.

Together we will meet the challenges in innovative and exciting ways!

For all the determination and endless hard work that she has put into sharpening the bright, young minds and completing 27 years in the AJ Group of Schools, Mrs. Tanveer Arshad (Managing Director) congratulates our very own Head Teacher Miss Agnes Nathaniel

# Student Clubs

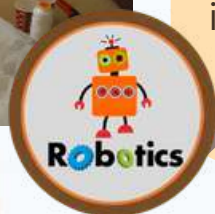

Some good things about the **Origami club** are developing fine motor skills and enhance STEAM education skills

**Bake Squad** club gives children a chance to appreciate healthy foods firsthand, and gain confidence in their ability to produce healthy meals

The aim of **Spotlight Productions** club is to overcome stage fright and transform the students into confident orators and actors

**Robotics Club** gives a wide understanding of STEAM education through integration of different innovative activities

Various Professional Development programs were initiated and organized during the induction program in supporting changes in teacher practices and student learning.

**STAFF TRAININGS**

**WORLD HEART DAY**  
29 SEPTEMBER

**Importance of Healthy Diet**  
(Seminar conducted by - Burjeel Hospital)

The students celebrated the World Heart day considering it as an opportunity for everyone to stop and realize how best to use the heart for humanity, for nature, and for you.
