WE ARE IN THE NEWS AGAIN!

Students perform multi-cultural activities and dances during the event at the school last week

EMBRACING UNITY IN DIVERSITY

Excel International School Al Ain salutes the true spirit of UAE as a nation at an extravagant event on November 29 ahead of the 51st UAE National Day

Amman Khan
aman@khaloqtimes.com

Excel International School, a division of the Al Ain Education...

students representing 10 countries of the world, marched along to the beat of the carnival and chanted slogans praising the UAE. The children...

EIS community waved a magic wand of colours and cultures in an extravagant event – EMBRACING DIFFERENCES and enthralled Al Ain on 29th November. The students, parents and the teachers made an effort to set up a mini Global Village in the school grounds to mark the 51st National Day of the UAE. Thanks to our parents for actively taking part in this event and making it a huge success.

CHILDREN'S DAY OUT

EIS celebrated World Children's Day on 18th Nov. 2022 by planning a memorable and exciting activities and program @Falaj Hazza Park. Look at the beautiful smiles it bought !!

Teachers expressing their love and affection to children through a song!

OUR GREAT OUTDOOR ADVENTURES!

EDUCATIONAL VISITS... *memories*

We learnt that the olden irrigation system is still very effective and being used for farming now a days.

FUN

Grade 5 Out to Al Ain Oasis

Our students walked through the lush greenery of Al Ain Oasis - in the 'Green City' of Al Ain. Our students were amazed to learn about 147,000 date palm trees, over 100 different varieties of vegetation and relics of the past, and the irrigation system known as falaj. The students also learnt that this place is a UNESCO Cultural Site.

#ESHRAQAT

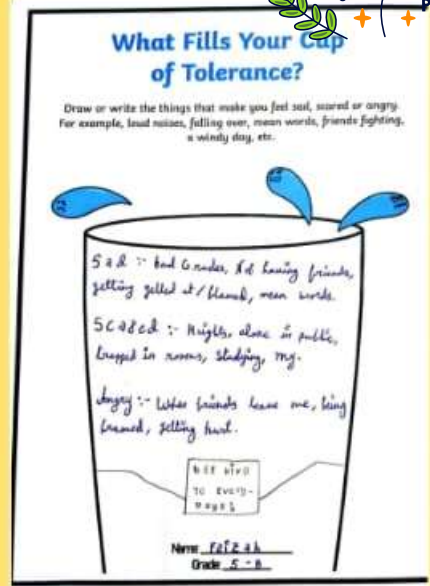

"It was a wonderful memorable experience, listening to the inspiring stories of our ARAB authors! - said Eissa (6A)

Grade 6 @ The International Festival "Eshraqat" - Abu Dhabi
Our students attended a series of workshop at the Abu Dhabi Children's Library held under a slogan of "Tolerance is Knowledge".

CELEBRATING WORLD'S TOLERANCE DAY

CURIOSITY LABS

'Grade 5A - Human Skeleton (Science)
Students exploring the functions of major bones, their location and the skeletal structure overall.

Wow !!! Do we really have so many bones in our human body?

DID YOU KNOW?
Bones function as the skeleton of the human body, allow body parts to move and protect organs from impact damage. They also produce red and white blood cells.

Amazed to see the structure of cheek cells through the eyes of the microscope!

Moral Education

Making a balance plate to create awareness about healthy lifestyle

Science

Investigating the cheek cells in the Curiosity Lab

Social Studies

Water Reservation . Home Audit . Climate Change

Our Grade 5 being Curious

Reverse Rainbow- Our young curious scientists investigate and are amazed to find that the white colour is what our eyes percieve when ALL of the wavelenghts are being reflected!

'Grade 5B - Assembly Celebrating World Science Day - Nov 10

Ms. Mariet and Grade 5B girls presented a special assembly highlighting the importance of science in society. The girls role played the characters of famous scientists to explain the importace of science and invetions.

ARTICLES FROM STUDENTS!!

You're doing great!

عن عطلة الشتاء

في اجازي الشتوية ذهبنا في رحلة برفقة ابي جزييرة على حدود الامارات العربية المتحدة بالقرب من قطر استغرقت الرحلة البرية حوالي 6 ساعات للوصول بمجرد وصولنا الى الجزيرة كان الشاطئ جميلاً وكان هناك مياه نقية بعد ذلك ذهبنا الى اوتليت حول في دبي للتسوق والضيء كان مليئاً بالمرح! هذا كل ما فعلناه في عطلة الشتوية!!

Dear Diary,

20th November, 2022

Today was an amazing day in my school life as I looked through the lens of a microscope for the first time. I was up and ready for another exciting school day because we were going to use microscope for the very first time.

I ate breakfast and took a shower. As soon as I went to school, I was pumped to the first period which was science. I went to the science lab. As soon as we went there, we were all excited because the microscope was ready in the lab. We then took turns in using the icroscope. When one by one got their chances, I had no patience to wait for my turn. I was so curious that I literally prepared my hands for it. It was time to look into the microscope. I saw many things like bacteria, little specks etc.

Today has been a very special day for me and my friends because we all looked through the microscope for the first time. I hope tomorrow will also be an awesome day for me. Good night diary.

Marc Joushua - 6A

EXCELLENT

Dear Diary,

4th November, 2022

I'm so happy that I got a chance to meet my lovely grandma today. Today was a wonderful day for me as I went to my grandma's place. I was so excited to meet my grandma in Egypt.

My family and I packed our things to head to the airport. We had to drive three hours to reach the airport. After the emigration, we got into the air plane. We had our dinner from the plane. We slept for sometime and we watched some interesting movies. Even though we were doing all these things, I could not control my excitement of meeting my lovely grandma. We landed on sharp time and we hired Uber taxi to reach our destination.

I met my grandma and hugged her with love. We played many games and had fun together. She cooked delicious food for us.

Today has been a great day for me.

Adam Ahmed - 5A
