WORLD SCIENCE DAY!

ASSEMBLIES!

"The science of asking questions is the source of all knowledge."
World Science Day was celebrated by a special assembly by grade 5 students, followed by few important messages :

Our champions exhibited their learning of concepts through various experiments that included models.

Every segment of the assembly evoked thunderous applause!!

It was indeed a very knowledgeable day in which the main motive was to spread a message about the importance of Science used in daily life.

UAE FLAG DAY!

A day celebrated to show the importance of the flag which has united the UAE's seven emirates together. School leaders and Management addressed the school about the importance of Flag Day, the accession of Sheikh Khalifa, and the tireless work of Sheikh Zayed and the founding fathers.

As the Flag was proudly raised and saluted by all, the school sang the national anthem to renew our commitment to these values.

Students later celebrated Flag Day by composing essays about the country, solving a giant UAE flag puzzle, and played games based around the colors of the flag. So, next time you see the UAE flag, take time to reflect on the values it represents, how we can implement those values in our everyday life. Raise it high! Raise it proud!

MARTYRS DAY!

30th November marks the day to pause and think for a moment about the soldiers who sacrificed their lives in line of duty. On this day EIS expressed its gratitude and appreciation for the sacrifices of its Martyrs, and its support for their families.

WORLD TOLERANCE DAY

A special assembly conducted by Grade 2 students; to observe respecting the culture, beliefs and traditions of others.

Students across the grades learned that tolerance means appreciating and respecting differences in people. They also recognized that tolerance is a key philosophy of life and governance in the UAE.

Grades 1AB VISIT - LULU SUPERMARKET

Tiny tots of EIS went on a field trip to the supermarket to reinforce experiential and contextual learning. Students were shown different sections of the super-market (fresh fruits, vegetables, grains, bakery, canned food and goods)

Being at the store was also a perfect time to teach kids how to read the labels on foods and to explain what all the different items listed mean. It was all about math and finance too. This was a chance to teach rounding and mental math for estimation, how to use operations addition operation to total up as they shopped. They are aware of how things are bought, billed, and paid for. This taught them the feeling of responsibility. On the whole it was a fun learning experience for each child.

After their return, they were engaged in a very interesting activity to help them recollect and reflect all that they saw and further shared the importance of each lane, item they saw at the supermarket. This educational, interactive experience sure left a lasting impression in all.

Grades 2AB VISIT - AL AIN PALACE MUSEUM

Educational field trip to Al Ain Palace Museum sparked the interest of Grade 2 students as well as nurtured their thinking skills, as they visited the house of knowledge that made them aware of the history, civilization, culture, lifestyle, and architecture of past UAE.

Students discovered artefacts and watched artisans make pottery and were explained how the emirate heritage, which hosts workshop for traditional skills such as pottery. They even let our little ones try their hands at their trade too. They saw the village's little spice shops, which offers a range of dried herbs, handmade soaps and plenty of souvenirs to take home to family and friends. Pupils also loved the museum at the Heritage Village that reflects Emirati traditions with authentic jewellery, weapons of the early era and historic tents.

CLASS ACTIVITIES - 1AB

TELL A TALE!

Stories in their own words ...

The best communicators are always the ones not with the best stories, but the ones who know how to tell a story in a best way that holds and captures audiences' attention.

A volunteering opportunity was given to students to narrate stories to their below graders. It was a remarkable experience to our little ones that boosted their confidence.

This initiative will continue with other graders too.

Students engaged with a listening task to test how efficient they are in writing down their answers at the computer lab.

Aleen of 1B actively enjoys her time grasping the concept of the many different types of habitats.

"The more that you read, the more things you will know. The more you learn, the more places you'll go."—
Dr. Seuss

Our students engaged with a time of reading guided by Ms. Cristina.

CLASS ACTIVITIES - 2AB

Investigating the strength of various magnets using paper pins.

Elham and Jonathan of 2B are engaged in the construction of 3D shapes with the use of modelling clay, straws and toothpicks as part of their science project.

Tolerance plays an important role in promoting social equality at school. These activities allow time for the students to communicate and work together as well as to get to know each other, respect the diversity and appreciate the difference.

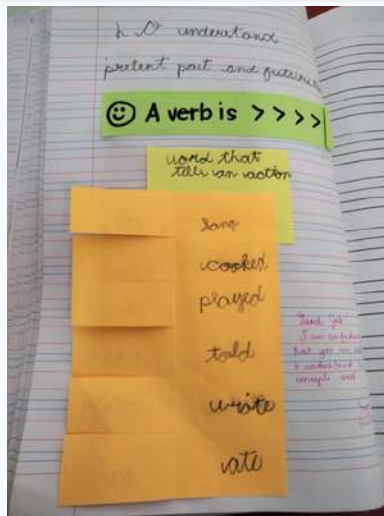

Students enacting the story, "Journey to the South Pole" discussed in class during reading time.
