MAY ALLAH BLESS YOU AND YOUR FAMILY WITH PEACE, PROSPERITY, AND HAPPINESS THIS RAMADAN.

A Letter from the Desk of our Head Teacher:

As we approach the end of this second term, I would like to thank all parents for your continued support as we work together as a school community to raise standards that transform our students' lives. I wanted to take this opportunity to appreciate your ongoing support and commitment to our vision and values, which have contributed to being able to achieve the successes that we have had over the past two terms. We have had various incredible events that have taken place this term as a result of the hard work, dedication and resilience of our staff and students. It has been so inspiring to see how the students and teachers have worked hand in hand to achieve the outstanding goals set by the students themselves which have helped shape and mold them into the incredible little human beings that they are today. We are all very excited for the start of a new term as we are committed to achieving excellence in all that we do. This requires dedication, determination, hard work and a restless approach towards achieving the very highest of standards. We have a team of staff who all want the very best for our students and with your support we will continue to thrive and improve. Let's all work together as we continue to develop and offer enriching opportunities and experiences for all! I hope you all have restful spring break and fulfilling Ramadan.

**Best Regards,
Ms. Agnes Nathaniel**

Some relationships are near to our heart and rank above all other bonds. One such beautiful relationship is the connection between a mother and child. To acknowledge the beauty of this bond, we at EIS, celebrated Mother's Day, to value the most unconditional form of love through various activities in school. All the mothers shared their feelings about their bond that they have with their kids through various stage performances. The fruitful and honest efforts of the children rejoiced everyone and strengthened the mother-child relationship. It was indeed a great experience and a perfect blend of emotions and feelings.
