### Green Apple Day!

A fun - filled day!  
An initiative taken where one can recognize the nutritive value and benefits of how a green apple is proven to be healthy!

## *A letter from the desk of our Head Teacher....*

As we approach the end of this second term, I would like to thank all parents for your continued support in working together as a school community to raise standards that transform our students' lives.

I wanted to take this opportunity to appreciate your ongoing support and commitment to our vision and values, which have contributed to being able to achieve the successes that we have had over the past two terms. We have had various incredible events that have taken place this term as a result of the hard work, dedication and resilience of our staff and students. It has been so inspiring to see how the students and teachers have worked hand in hand to achieve the outstanding goals set by the students themselves which have helped shape and mold them into the incredible little human beings that they are today.

We are all very excited for the start of a new term as we are committed to achieving excellence in all that we do. This requires dedication, determination, hard work and a restless approach towards achieving the very highest of standards. We have a team of staff who all want the very best for our students and with your support we will continue to thrive and improve.

Let's all work together as we continue to develop and offer enriching opportunities and experiences for all!

I hope you all have restful spring break and fulfilling Ramadan.

Best Regards,

**Ms. Agnes Nathaniel**  
Head Teacher

# School Assemblies

## International Mother Language Day

Language may be just a way to communicate with each other but mother language is something that connects us with our culture.

## Al Israa Wa Al Miraj

Isra and Miraj, also known as Al Isra' wal Miraj, is observed on the 27th day of the month of Rajab, the seventh month in the Islamic calendar.

## World Wildlife Day

A day to celebrate all the wildlife and plants and the contribution that they make to our lives and the health of the planet.

Here, Mr. Jerome elaborates the importance of how we must conserve wildlife.

## Ramadan Day

The students recapitulated the purpose of celebrating Ramadan. During this period, Muslims fast, pray, read the Quran and carry out charitable acts. The purpose of these activities is to help Muslims observe spiritual purification, empathy, and self-discipline.

# EAT RIGHT, GET ACTIVE

Eat Right, Get Active is an initiative to improve young children's health and well-being by teaching key nutrition and physical activity concepts.

The 100th day of school is an exciting milestone! It was a special opportunity for students to reflect on their hard work and celebrate all the progress they've made.

**100 DAYS OF EIS**

# CURIOSITY LABS

Students of grade 5, curiously examine the external features of a fish.

"SOMEWHERE, SOMETHING INCREDIBLE IS WAITING TO BE KNOWN."  
- CARL SAGAN

Exploring the **concept of density!**  
Our students of grade 6 were taken aback by the demonstration of the differences in density between hot and cold water.

Our scientists of tomorrow. They experiment. They interact. They explore. Their curiosity is sparked, nurtured and fueled. As they explore the world they inhabit through exciting experiments and ingenious demonstrations.  
*Science is taught with all its wonder intact!*

## EMBRACING THE INNER EXPLORER; A FIELD TRIP TO HILI FUN CITY!

# SPORTS DAY

*The real importance of sports day at EIS is what it does for the spirits and camaraderie of the school community. It was a great time for our students to practice supporting each other through both successes and failure during our sports day - **BRILLIANCE UNCHALLENGED***

# Scouts and Guides

Learning to tie a knot the right way!

## Night Under the Stars

Scouting adventures don't have to end when the sun goes down. They expand beyond the campfire ring with after-dark activities that spark imaginations, increase awareness and build around-the-clock confidence in the outdoors.

**“What Scouting says to people is: Every child has a right to have an adventure. Life is about grabbing opportunities”**

~ Bear Grylls
