Farewell Message from the ICT Teacher

ALL THE BEST!

Good day EIS! After much consideration, I have decided to pursue other opportunities. I want to express my sincere gratitude to the EIS community for the support, encouragement, and camaraderie that you have provided me during my time here. It has been an honor and privilege to be a part of this school, and I will always cherish the memories and experiences that I have had with my students, colleagues, and administrators. I am deeply grateful for the friendships, collaborations, and growth opportunities that I have had while working at EIS. In fact, this is already considered my second family. I have learned so much from my colleagues and students, and I will carry those lessons with me throughout my career.

To my beloved students, I want to take a moment to express my gratitude and appreciation for all the memories we have shared together. I feel truly honored to have had the opportunity to be your teacher and to have been a part of your academic journey. Witnessing your growth and development over the years has been a source of great joy and pride for me. I hope that you will always remember the lessons we learned in our time together, both in and out of the classroom. Remember to work hard, be kind, and chase your dreams with passion and determination. As you move on to the next chapter of your lives, always remember that you have the power to make a difference in the world. Stay curious, keep learning, and never forget the incredible potential that lies within each and every one of you. Thank you for the privilege of being your teacher. I will cherish the memories we created together and wish you all the best for your future endeavors.

To the whole EIS community, thank you for your understanding and support during this difficult decision. I will miss the EIS community dearly and wish you all the best in your future endeavors.

Sincerely,

MR. JEROME AQUINO PUEBLOS
